

*So You Want to make a quilt with all these fun charms??!! Here are two quick sizes with directions. These are for Charm Packs that are pre-cut to 5". If you need rotary cutting basics for strips or pressing instructions, check out this great website for all the basics.*

*[www.allpeoplequilt.com/knowhow/gettework](http://www.allpeoplequilt.com/knowhow/gettework)*

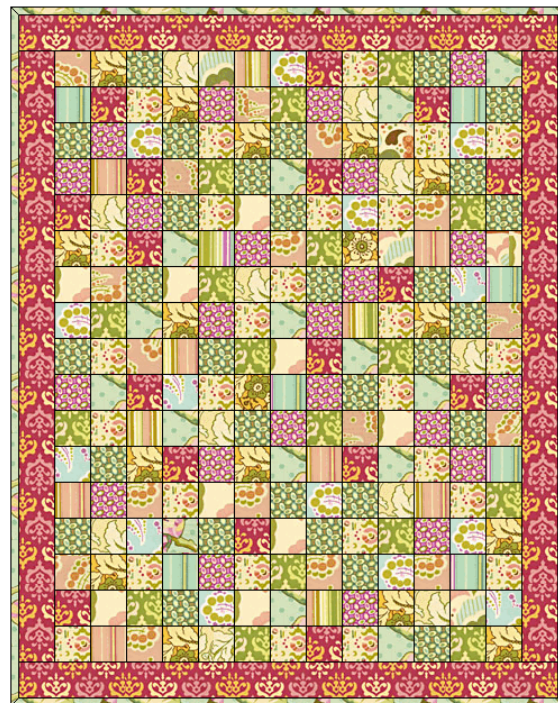

## Basic Directions: Twin Size 67 1/2 " x 85 1/2 "

Need 221 Charms  
 1 1/8 yards of Border fabric  
 3/4 yard Binding  
 5 Yards Backing

All seams are sewn with a 1/4 " seam allowance  
 Sew 17 rows of 13 charms each

I like to number each row. I write with a blue water soluble pen on the first charm of each row. That way my design stays where I want it. (Just spray with water when you want the numbers to disappear!) Press all odd rows to the left and all even rows to the right. *This will make it so each row sews together nicely and the seams fit nicely in opposite directions when sewing rows.* Once you have 17 rows, it's time to sew each row in numerical order. Press.

From Border Fabric: Cut 7 strips of 5".

For the left and right borders piece together 2 strips that measure approx. 77". *\*\*It works mathematically, but you will need to check YOUR measurements before fitting.* For the top and bottom borders, piece together 2 strips that measure 68"\*\*. Sew side vertical strips on first, press to the border fabric. Finish off with the top and bottom borders. Press to border fabric.

Binding: Cut 8 - strips of 2 1/2 " for a double fold binding.

## Queen Size: 90" x 94 1/2 "

Need 324 Charms  
 1 1/2 yards of Border fabric  
 7/8 yard Binding

Sew 19 rows of 18 charms each. Follow directions above.

Borders: Cut 9 strips of 5".

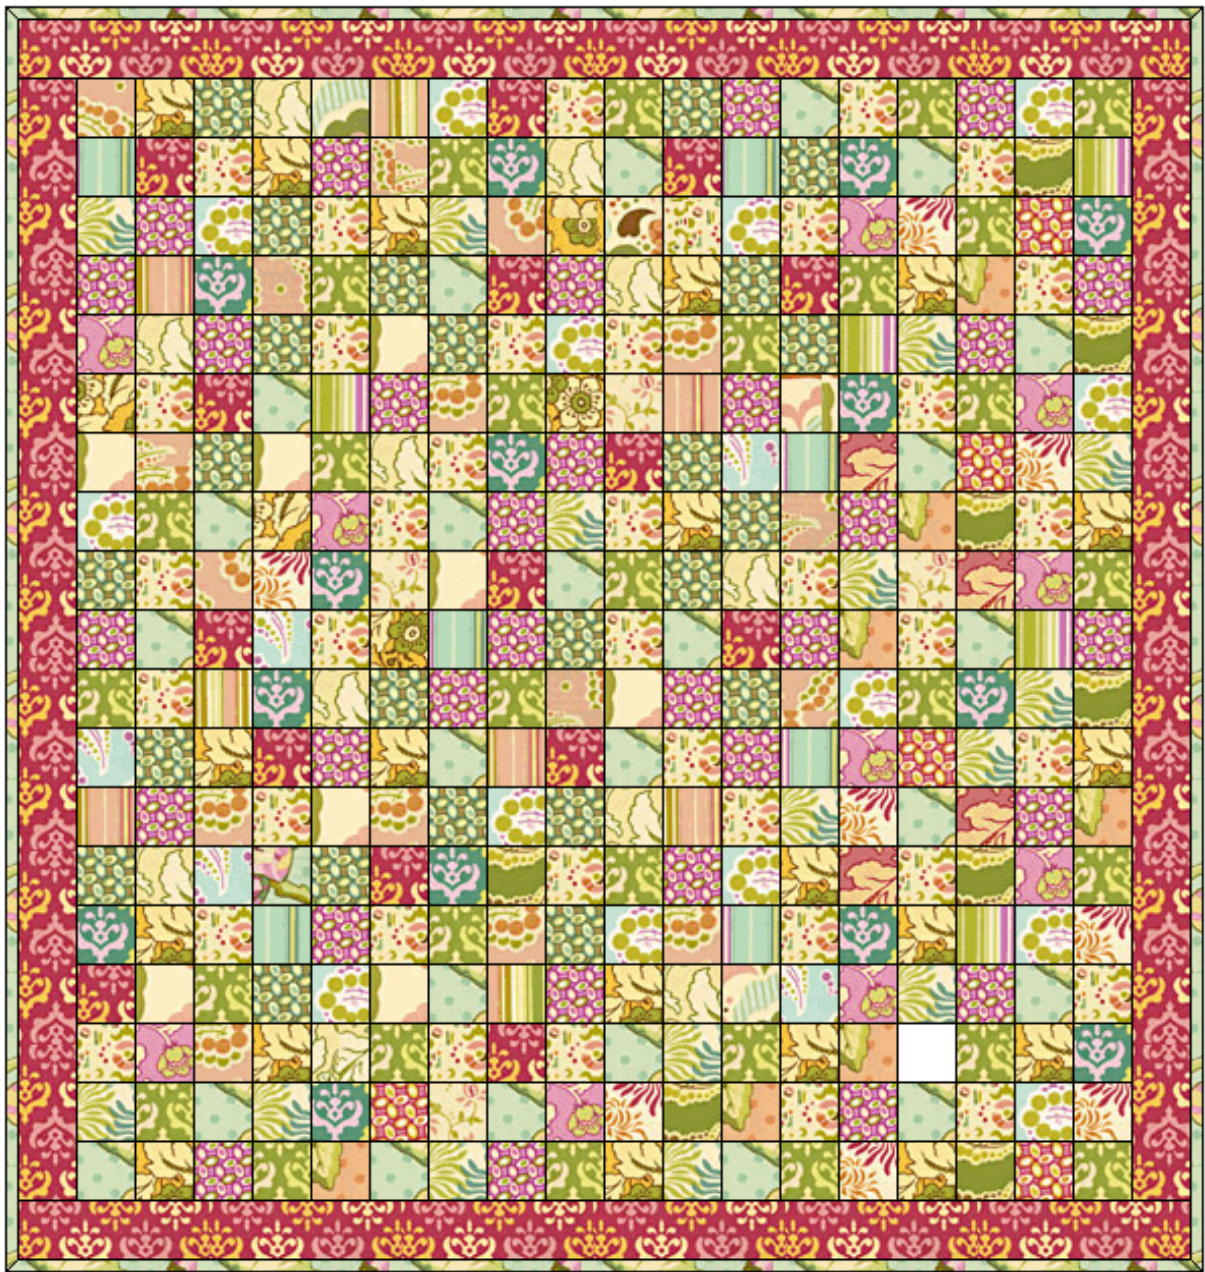

Side borders piece together 2 strips that measure 86". \*\*

Top and bottom borders piece together 2 strips that measure 90 1/2 ".

Binding: Cut 10 - 2 1/2 " strips for double fold binding.
